## FROM MY WORK

### Sehatty Application, LEAN 2022

UI/UX Specialist

I worked on unified the UX and re-engineering for the mobile application and building the new version UI.

### Odoo ERP, ARCOM 2021

PM / Developer

I worked on implement, develop, support & train the company on Odoo as full ERP services & sub systems.

### Morshed Guide, MOMRAH 2021

Team Leader / UI/UX Specialist

I worked to build a full system integrated with ARCGIS maps to use it as location directory and related info for places names.

### e-Commerce, SACO 2017

Senior UI/UX Designer / Developer

I've built the system from scratch using Magento open source, to setup full e-commerce platform & apply the UI.

### Mail Operations, Saudi Post 2016

Senior UI/UX Designer

I worked on unified all saudi post services in one UI screens, and building the UX for all mail operation systems.

### Municipality Elections, MOMRA 2015

UI/UX Specialist

I worked on building the UI/UX for internal & external portal, create public infographic & reports.

### UNRWA Portal, VARDOT 2014

UI/UX Design

I worked on creating a main UI design for UNRWA portal and create sub UI designs for the subdomains & activities.

### Parliament Elections, Jordan 2009

Senior UI Designer

I built a interactive kingdom map that reflect all incidents happened over the cities using Macromedia flash.
